Easy grip
- Ergonomic shape

PHILIPS
AVENT

Baby bottle
120ml/4oz Slow Flow Teat

SCF995/50

Highlights

Soft, ribbed silicone teat

Soft, ribbed silicone Philips AVENT teat is easy for baby's mouth to seal and latch on the teat. With this, the baby will feel more comfortable drinking from the teat.

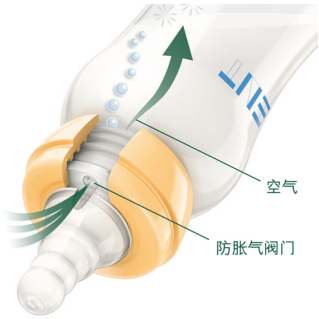
Secure and leak-free storage

The bottle will not leak while feeding your baby and the cap seals the teat for secure and leak-free storage and travel.

Ergonomic shape

The ergonomic shape of the bottle makes it easy to hold for both mom and baby.

Anti-colic system



Anti-colic valves flex to allow air into the feeding bottle and help prevent gas from going into the baby's tummy, hence reduces colic.

Safe and durable

Superior grade, pure borosilicate glass. Rigorously tested to ensure high heat resistance up to 600 degrees celcius and extreme thermal shock (0-100 degrees celcius). Suitable for steam and boil sterilization. BPA free.
